Tax line concerns councillor

Andrea Burk and Doug Cross are just two of the members of the Minden Figure Skating Club who are getting ready, along with the rest of the town, for Carnival weekend. The Figure Skating Club is putting on a show Friday evening, following the

crowning of the Carnival Queen. For a schedule of Carnival events, see inside. For talent on the ice, come out and see the Club members perform. Their smiles will probably be even bigger by Friday.

Lutterworth councillor William Valentine, who was unable to be present at the Lutterworth meeting on Jan. 17 when pay increases for municipal employees were passed by council, said this week that he is wondering how Lutterworth is "going to hold the tax line." The township's 1977 budget was set last October, Mr. Valentine said, without provision for the increase in salary to council members that was passed on Jan. 17.

At the Jan. 17 meeting, with Lutterworth Reeve Patrick Conaghan, Deputy reeve A.O. Shingler and councillor Glynne Lewis in attendance, council's salaries were raised from the \$707.50 that they received on a by the meeting basis in 1976 to \$2,700 for the reeve, \$2,500 for the deputy reeve and \$2,400 for each councillor for 1977.

Lutterworth clerk Bev Millar was given a raise in salary to \$10,000 an increase of approximately \$1,200. Road superintendent Floyd Millar was allocated a salary of \$13,000 and his driver operator, \$11,000. The road

department was paid on an hourly basis in 1976. Their 1977 salary means an increase of about \$400 each. There were also minor increases in the hourly rates for other township employees.

Mr. Valentine and councillor Ron Gambell were not at the meeting. Mr. Valentine noted that the salary discussions were not on the agenda for the meeting, which was intended to deal only with road reports and to discuss zoning problems with lawyers.

Reeve Patrick Conaghan last Tuesday asked that information on the salary increase not be published out of courtesy to the councillors who were not at the meeting and would not hear of the increase in the mail before they would be able to read it in the paper. He explained last Wednesday that the two absent councillors did not know that salaries were to be discussed and that he wanted them to be notified by the municipality rather than by the press.

Mr. Valentine said that "the three man meeting did so much so fast" and "threw away \$15,000 at one meeting even though they pledged at the candidates night at the Wagon Wheel before the election that taxes would not go up one mill."

He said that when the past council set the 1977 budget in October, they were aware of the tax burden on the municipality's ratepayers, since council members too pay large tax bills.

Mr. Valentine said he feels the municipal employees, who also received an increase in wages on Jan. 17, are worth the salaries they are to be paid. However, he said that he was uncertain as to his position on salary raises for council, whether they were to be accepted or should be revised.

Two injured

Two Toronto persons received back injuries in a snowmobile accident at 5:30 p.m. Sunday on Horseshoe Lake near Minden.

Bruce Godward, 20 of 7 Eberingham Court, Willowdale and Robin Richardson, 16 of 227 Burbank Dr. Willowdale were taken to Minden Hospital first, then to Ross Memorial Hospital in Lindsay and later to North York General Hospital.

The accident was reported to the Ontario Provincial Police, Minden detachment about 7:45 p.m. Sunday night.

Stanhope wants area signs on Highway 11

Stanhope council on Jan. 19 requested the Haliburton County Council to demand that the Ministry of Transportation erect signs at the junction of Highway 11 and the Vankoughnet Road directing travellers to Haliburton County.

In a resolution passed by Stanhope at their Dec. 8

meeting, it was decided that the County Council should be asked to act on the matter that Stanhope council has been unable to settle through regular channels of dealing with the Ministry.

Stanhope Reeve Sinclair Nesbitt told County Council that his municipality was at a loss, that his council had written countless times with

no results, were upset about the lack of any sign on highway 11 and felt that all councils in Haliburton County should also be concerned.

The sign at the junction of the Vankoughnet Road and highway now reads only Muskoka Road 4. There is no indication at that interchange that the road leads to

Haliburton County, meeting highway 35 at Carnarvon.

Mr. Nesbitt asked for and received a resolution from County Council that will request that John Eakins, MPP Victoria Haliburton, be asked to go directly to the Minister of Transportation and Communications, James Snow, to see that something is done.

These Minden hockey players may not have laced their skates for some time now, but they will still be familiar to Minden area residents even though they won't be seen on the ice in the current playoffs. Left to right in the front row are Bud Kernohan, Fred Moore, Claude Brown, Mark Vasey, Lance Easton, Harry Cowen, Gary Vasey and Allan Rogers. The mascot is

Looking Back

Bobby Dawson. In the back row, left to right are Maurice McKelvey, Junior Windover, Glen Vasey, Ken Lewis, Jim Dawson, Roy Windover, Don Sedgewick, Max Jackson and Johnie Lewis. Our thanks to Mr. and Mrs. Richard Kirkwood for this picture taken at least 20 years ago, as nearly as is remembered.

A pioneer in Minden

by John Hewitt

After the first part of my story about Dr. Crowe came out in the paper, we had several phone calls and congratulations about it which were pleasing to hear. We were especially pleased to hear from Mrs. Mary Windover. Her comments and information led to us getting in touch with Mrs. Ruth Crowe in Lindsay. She was delighted to hear that the story was being done, but had no knowledge of it. She sent this picture of Dr. Crowe which I had hoped to have at the beginning of the account but will have to add to the continued story. Many thanks, this makes the story more complete.

John Hewitt.

Continued from last week's issue:

There were several pairs of twins born in the Minden area, and also one set of triplets. Minnie Gartshore, who was Aunt Minnie to everyone but was also a real aunt of the triplets, assisted at that birth, as did Mrs. Alice Clark, a registered nurse who also worked with the doctor quite often.

I think that those were the first and the only surviving triplets in the county, even yet. They were born before there was any electricity, six miles out in the country in the winter of one of the depression years. They sure needed the good care that these women and Dr. Crowe

must have given them for some time.

Dr. Crowe was our family doctor, and we put great faith in him as did our parents and grandparents.

I well remember my grandfather having a small growth removed in Lindsay, where he was delighted with the hospital and nurses. However, they requested him to go to Peterborough for further treatment.

I drove him there, and after we waited in the lobby for a considerable time a nurse came in, introduced herself, and said, "Mr. Hewitt, let me see your trouble."

Saying so, she immediately caught the bandage and pulled it off.

It was such a shock to the old man. He told her off in short order and we left with blood running down his King George Beard. He said he would go back to Dr. Crowe and home. Dr. Crowe dressed it and told him he would be fine, which he was until the night before his death, which was years after.

That night the doctor saw him again, and said that it wouldn't be long. My

Corporation of the Township of Lutterworth

TAKE NOTICE that the Council of the Corporation of the Township of Lutterworth intends to stop up, close and convey a portion of the original allowance for road around the shore of Lutterworth Lake (Devil's Lake) and being part of Lot 24, Concession 13, in the Township of Lutterworth, in the Provisional County of Haliburton.

The By-law which will effect this action is available for perusal at the Lutterworth Municipal offices during regular office hours.

The said By-law will be considered by Council at the regular meeting to be held on Tuesday, February 15th, 1977, commencing at the hour of 10:00 a.m., at the Lutterworth Municipal Offices.

Any person who claims that his land will be prejudicially affected by the said By-law may object in writing to the undersigned on or before 5:00 p.m. on Friday, February 11th, 1977, and further may attend upon the Council at the aforementioned appointed time.

DATED at the Township of Lutterworth this 10th day of January, 1977.

Mrs. B.A. Millar,
Clerk-Treasurer,
P.O. Box 176,
Minden, Ontario

County council sets up planning committee

Jerry Howarth, immediate past warden, reported to County Council on Jan. 19 that the Council's Steering Committee made a major change for the coming year by setting up a Planning Committee to look into official planning for Haliburton County.

The Planning Committee will be made up of Reeves Reg Booth of Anson, Hindon and Minden, Patrick Conaghan of Lutterworth, Murray

Fearrey of Dysart et al, Jerry Howarth of the Improvement District of Bicroft, Sinclair Nesbitt of Stanhope and Doug Russell of Sherbourne, McKlintock, Livingstone.

Mr. Howarth, the chairman of the Steering Committee, explained that members were chosen for the planning committee from those municipalities that are presently involved with restricted area bylaws, or as in

the case of Mr. Fearrey and Dysart et al, an official plan. Mr. Howarth is on the Planning committee as a representative from the south eastern side of the county.

All members of the county council will be called to make any decisions with regard to the establishment of an official plan, but having the planning committee will ensure that "some committee is functioning in

planning matters throughout the year" Mr. Howarth said.

Mr. Nesbitt asked that all minutes of the planning committee's meetings be sent to all municipalities, since some councils may feel that their reeve and deputy reeve might get carried away with planning on the county level. He admitted that the decision put forward by himself and Stanhope deputy reeve Jim Harrison to go ahead with trying to establish an official plan and leave Stanhope's previous efforts with a restricted area bylaw aside was "not exactly happily received" by Stanhope council.

Lutterworth reeve Patrick Conaghan said that at one point, their municipality used to think that they didn't need an official plan, but now find that with the restricted area bylaw, they "take five steps forward and 10 back." Mr. Conaghan went on to say that they "had spent \$27,000 on the bylaw at the present time and have got nowhere", so was thankful that the county was making steps towards official plans.

Kevin Warburton, of the Minden Atoms, was named the best forward in the B group of the Lake Kashagawigamog Atom Tournament. Kevin led his club to victory in the grand consolation game. Presenting the award is Art Ward of the Lake Kashagawigamog Tourist Association.

Area car accidents

Christine Roberts, 40 of Haliburton, received a broken arm and facial lacerations as a result of a two car accident Friday at 6:15 p.m. on Highway 519 in Gelert.

She was a passenger in a car driven by Fred H. Roberts, 39 also of Haliburton.

The second car in the crash was driven by Michael McElwain, 22 of RR 1 Minden.

Mr. Roberts was taken to Haliburton Hospital with what the police describe as minimal injuries.

There was \$1,000 damage to the Roberts vehicle and \$1,500 damage to a car driven by McElwain.

McElwain has been charged with failing to yield.

A single vehicle accident on Harburn Road Friday evening resulted in \$600 damage to a van driven by Frank Corrick, 49 of Scarborough.

The accident took place at 7:15 p.m.

The vehicle was south-bound on the road when it went out of control and flipped on its left side, the OPP report.

An accident involving two vehicles, one a parked

pick-up truck resulted in \$50 damage to one and \$500 to the other.

The Minden detachment of the OPP report that a car driven by Garnet Holland, 67 of RR 2 Haliburton, struck a truck which is owned by Keith Prior of Haliburton. There was \$500 damage to the truck.

Holland has been charged with making a turn not in safety. The accident took place Friday on Highway 121 west of Haliburton.

A crash involving another parked vehicle resulted in \$400 damage to the vehicle and \$300 damage to the other car.

The accident took place on Stanhope Line 25, Tuesday, Jan. 18 at 2:56 p.m.

Gordon McElroy of Peterborough has been charged with parking on a roadway where there is not a clear view and Paul R. Brady, 22 also of Peterborough has been charged with not having insurance.

Outreach office opens officially

The Manpower Outreach centre which was officially opened on Friday evening in Haliburton, is precisely what the name implies, a method of reaching out to people who require Manpower assistance in Haliburton County.

The venture is unique in Southern Ontario, in that it is jointly supported by both Canada Manpower and the Unemployment Insurance Commission, Bill Scott, MP Victoria-Haliburton said Friday.

Jayne Northgrave, counsellor co-ordinator of the Haliburton outreach office, explained that the advantage to having both agencies working together was the emphasis that could then be placed on helping those who are receiving U.I.C. benefits to find suitable jobs or hear of retraining programs.

Statistics will show whether the Haliburton Outreach office will become a full branch of Manpower, or remain only as an information centre for the Peterborough branch, Mrs. Northgrave said.

At present, all information on both U.I.C. and Manpower is available in Haliburton, over LaRue Motors, thus saving many county residents a trip of at least 60 miles to Peterborough when

any business of their nature needs attention.

The office is already busy, having been operating since early December. There have been about 150 U.I.C. forms processed here, as well as 200 Manpower registrations, and nine or 10 employers listed.

The office will act as a liaison between employer and those looking for a job, as well as a liaison between Haliburton and Peterborough. Manpower hopes to make the process of hiring more simple and more efficient, by interviewing clients and sending suitable referrals.

In addition to meeting with employers and with others by appointment, Mrs. Northgrave has three itinerant offices, and is in Wilberforce Tuesdays from 10:00 a.m. until noon, in Stanhope at the same time Wednesdays and in Minden Thursdays.

A Creative Job Search program will be given at Haliburton Highlands Secondary School, as Manpower intends to work with students as well as adults.

Among those responsible for the establishment of the Manpower/U.I.C. Outreach office are Don Wells, manager of the Peterborough U.I.C., Dick Kenzie, manager of Canada Manpower in

Peterborough, Ann McCulloch and Vance Gerrett from district offices in Barrie, Jerry O'Neil, Len Burt and Chris Borriess.

Locally, Bob Stinson, secretary manager of the Haliburton Highlands Chamber of Commerce and John

Hogg, one of its directors, put a great deal of work into the establishment of the office. The Chamber of Commerce is presently acting as the sponsor of the Outreach office, until such time as, if the office is proving itself to be a benefit

to the community, the Outreach project becomes a full fledged branch.

The office is manned by Jayne Northgrave and Cathy Carroll, assistant counsellor both from Minden.

Warden can cancel meetings of the county council

A resolution passed after some discussion at County Council on Jan. 19 will permit the Warden to cancel any meetings of the full council that he and the clerk deem unnecessary.

The final motion was the result of a suggestion put forward by the council's steering committee, headed by past warden Jerry Howarth.

Mr. Howarth told the meeting that there are some months of the year when it is foolish to call together 20 people who sit on the council, with mileage and a full day's pay for what can be done in an hour. He noted that the council's committees are running efficiently, making some meetings of the full council unnecessary, especially in a month such as February.

Stanhope Reeve Sinclair Nesbitt objected that he felt the resolution put a load on the Warden that wasn't proper. He said that the steering committee was suggesting "leaving the committees to run county business, which is not what they were set up to do. They were intended to bring their reports to the whole council."

He said that he didn't want to vote against the resolution, because it was money saving, but didn't want "to see the committees take over."

The matter was finally settled, with the understanding that the Warden, who knows how much work

there is to be done by the council each month, will not lose control of when meetings are to be held.

The regular day for County Council meetings will not change, but is still to be held on the third Wednesday of each month, unless cancelled by the Warden.

Two named to County committee

Robert J. Bishop, representative of Dysart et al and Harry Campbell representing Anson, Hindon and Minden were named on Jan. 19 to the Haliburton County Council's Land Division Committee.

Clifford Stoughton, whose term as a representative for Glamorgan on the Land Division Committee expired with the end of 1976, was not reappointed.

The County's Land Division Committee must give its consent to any land severance that is applied for in the County. Severances must also be approved by the Ministry of Housing and

the municipality involved, as well as by the county or provincial road authorities if the property borders on their allowances.

Stanhope reeve Sinclair Nesbitt asked county council for clarification of the procedure used by the Land Division Committee when one member of the committee is connected with the land division in some manner and an issue comes before the committee that has to do with that member's area. County Clerk Wim LeHay explained that where one member has interest he must declare interest and leave the meeting.

Drive for school band

A drive is on, beginning today, in support of the Haliburton Highland Secondary School Senior Band.

For the next two weeks, students from the band, about 40 members in all, will be selling a bit of sunshine, crated into boxes of oranges and grapefruit from Texas, in order to raise money for band blazers, music scholarships and an exchange visits with other schools.

The uniforms are expected to cost about \$15,000, but as band director Jean McKen noted, the students to raise more than that to cover other special projects.

The band brings in funds through its two concerts each year, but the special drive for the extra money is well worth supporting.

A band from Haverhill's Girl's College in Toronto will be coming to H.H.S.S. on Jan. 4. The Haliburton Senior Band hopes to return the visit in the spring.

Stanhope Library Wintario grant

The Stanhope Public Library Committee has received a non-capital grant for furnishings and equipment for the Stanhope Library in the amount of \$1,940, from

Wintario.

This amount has already been matched with cash or the equivalent in labor and gifts by the community.

Recorder Opinion

Editorials

Salary raises?

How justified is a salary raise for Lutterworth Township Council?

It can be justified because of the fact that Lutterworth was one of the lowest paying municipalities in Haliburton County in regards to its elected officials.

But can it be justified morally? Not likely, in this day and age when we are hearing about and paying high taxes. Government spending has been of great concern for the past few years. Even people in high government offices will admit that there has been a problem created.

Why does a person seek municipal government office? Certainly it cannot be for the financial ends. It must be because they feel they can serve the community. Is it serving the community at this time to increase an expenditure that is not provincial subsidised? Who pays for the increase? The taxpayers will have to foot the bill. No doubt it means only a slight increase for each individual taxpayer when a council gets a raise, but if a council is trying to keep the tax bill down, what service will have to be cut to compensate for the increase in salary?

Lutterworth Council has gained some kind of equality with other municipal councils in Haliburton County but have the taxpayers?

Minden history

Minden is a wealth of history. Thanks to people like John Hewitt, the museum library committee and many more the history will not be forgotten.

Last week we began a story about Mr. Hewitt's recollection of Dr. Wilfred Crowe, who is a pioneer of the area. A pioneer in a different way than most people would think of.

Dr. Crowe was a pioneer, of modern times, there are still many people in Minden who remember him quite well.

We can see from his work as a medical doctor in the area what has developed. Now it looks like Minden will get a medical centre, there are many doctors and dentists in the county and always someone able to help in an emergency.

Yes, somehow indirectly Dr. Crowe can and should receive some credit in the development of Minden.

Another viewpoint

Dear Sir

I am a seasonal employee of Lutterworth Twp. and I would like to thank the council of the said Twp. for the generous raise in pay they gave me of two cents per hr. since they tripled their own salary over the last year. This is what I would call insult to injury since I have been getting small wages anyhow.

Thanking you for this space in your paper.

Yours truly
Floyd Pogue

Dear Mr. Editor

DDT, why not tobacco too?

I am an addicted cigarette smoker. I was motivated by social pressures to fulfil a need for acceptance as a teenager. At that age of rebellion, knowing that smoking was an unhealthy habit, and being told not to smoke was in itself a motive to start.

Now as an adult, I would like to quit. But quitting is very difficult, as temptation is lurking everywhere. At parties, a fog of smoke looms down on you, and the only way to survive is to leave or smoke. Cigarettes are sold everywhere, and there is always someone who is enjoying those puffs of grey smoke. Those anti smoking commercials, ironically enough, stimulate the need of a smoke.

I feel that the money used for these

campaigns and commercials, should be used to help the farmers of tobacco to change their crops into a needed food crop.

Since non smokers are the majority and there are probably more smokers who feel as I do, we should propose a ban on tobacco. This is a democracy ruled by the majority!

Government warnings on the package do not help the addicts, and if teenagers are as rebellious as I was, that won't help them either.

Maybe in one hundred years or so, the sky will be a permanent grey. The government would probably like that better than losing all that tax revenue now.

Recorder Columns

Inside the Recorder

by Susan McLaughlin

On Tuesday last week I obtained information contained in the resolutions passed at a public municipal council meeting concerning the increase in salary for Lutterworth council members, and was asked not to publish that information for one week.

From time to time municipal councils do ask that certain matters not be revealed in the press. Anything said at a public meeting is, of course, public information. It is a fact, however, that most public meetings are public in name only or because the press attends. The public itself is rarely in evidence, and council has to depend on the newspapers to spread public information.

There are some minor matters that do not bear repetition to the community as a whole, and these, I find, are what I am usually asked to keep out of the news. I have seldom been asked to withhold information that I myself would not want to see published, out of taste or consideration.

Municipal councils generally realize that if they have a matter that they want to discuss without an audience, they can turn to committee of the whole by a resolution of council that excludes the public from the preamble to the decision under question. Any resolution arising from the committee, however, is read and passed during the public part of the meeting.

I have always assumed that councils also

realize that they are obligated to give certain information to the public, whether the information is spread by persons who attend the meeting or obtain information from the resolutions and minutes afterwards, or whether it is spread by the press which acts in the stead of and more effectively than individuals passing information by word of mouth.

Taking it for granted that any council would feel obligated to reveal information on municipal expenditure as soon as possible to the public, I was frankly surprised at being asked to hold back, even for one week, on information pertaining to salary increases for council.

I was asked to wait out of courtesy to the two council members who were unable to be at the meeting when the salaries were discussed. Lutterworth councillor William Valentine, who was one of those who could not attend, said this week, "there may have been courtesy involved, but I don't see it."

Neither do I.

I've had my first taste of Minden's Winter Carnival, and although I'm looking forward to doing and seeing just about everything else that is lined up for the coming weekend, I don't intend to repeat my first experience.

I was driven around the Kinsmen's iced track, for the first time and only time that I hope to do so.

Truthfully, I was driven around, I didn't drive. Even I know that it wouldn't do me or anyone else any good to try that.

Having stopped to see how the flooding was going, I was given an unscheduled turn of the track to look at how things are shaping up, or rather smoothing out.

The vehicle was just the type, the only type,

that I would choose to travel in around the ice. It had large, solid tires, lots of weight, traction provided by the 1,000 gallon water tank that it carried, and was competently manned by Tom Prentice and driven by Don Crowe.

That the Kinsmen must be putting a lot of work into Carnival Weekend is obvious from the amount of work that has gone into the iced track alone. Mr. Prentice reported that there have been about 60 or 70 hours of work put into flooding, part of that with as many as 16 men on the job.

As of Sunday, the track had its required six inches of ice in most places, and close to a foot of coverage in others. On Saturday, four trucks were at work, spreading 1,000 gallon loads of water in about five minutes.

The track, when I saw it was in fairly good shape. There was one section that had been chewed up by some other unscheduled entrant who unfortunately decided to try the track before next weekend, but it was seeing the condition of most of the track that makes me sure I won't be back out come Carnival. The track is flat, smooth and looks good and slippery.

Of course, those who will be in next weekend's races, to be held all day Saturday and Sunday, will have either the experience or the courage to handle the track. I haven't either one, nor, I'm sure, a suitable car.

There will be a variety of classes, including studded tires, rubber to ice, and a class local entrants in the races that are part of the Ontario Sports Car racing circuit, hosted in Minden by the Peterborough Motor Sports Club.

Although I don't intend to go anywhere near the finished track as a driver or passenger, I am really looking forward to seeing how racing on ice is possible.

Report from Queen's Park

By MPP John Eakins

In mid-December, Provincial Auditor Norman Scott tabled his Report for the year ended March 31st, 1976. As a result of information contained in this Report, the Government plans to introduce legislation this spring to deal with the question of ownership of private medical laboratories by doctors, giving rise to conflicts of interest. The Government has been promising the regulations since last spring.

The Provincial Auditor said in his report that the Ontario Health Insurance Plan (OHIP) has paid out millions of dollars in claims without properly checking their validity. He states that existing legislation makes prosecution on fraud charges almost impossible. Government and medical profession rules have been lax in permitting doctors to operate private labs which have made claims to OHIP, which according to

July 31st records cover 12,748,793 participants in the plan, although the province's population a year before was only 8,226,000.

Apparently the Medical Review Committee of the College of Physicians and Surgeons of Ontario - set up in 1971 to rule on cases of improper payment - has yet to issue decisions on 175 cases, some dating back to 1974. The Review Committee recommended recovery of money in 115 cases, but no action in 254 others, failing to explain its decisions when OHIP evidence of improper payments was rejected. One possible explanation for delay in settling cases which come before the Review Committee is the fact that many cases are extremely complicated.

The Auditor also reported that overpayment of family benefits by the Ministry of Community and Social Services has passed the \$19 million mark. The largest amount - \$8.6 million - represents unrecovered portions of overpayments that were outstanding when recipients were cut off. Administrative errors were blamed for \$857,000 of the losses during the past three years and legal action is being considered in another 86 cases for which overpayments total \$563,000. At least \$70,000 has apparently disappeared in the form of replacement cheques for others that have been lost or undelivered.

The Provincial Auditor also discloses that

although the Government has a building full of meeting rooms at Queen's Park, the Ministry of Culture and Recreation prefers the comfort and service of Toronto hotels. During the past year, this Ministry ran up a tab of \$18,466 holding 40 meetings at 16 hotels. "Some of the billings did not indicate the purpose of the meeting nor the names of those attending," said the Auditor. "We recommended that the facilities of the Macdonald Block (the Queen's Park meeting centre) be used for meetings whenever possible and that the Ministry develop standards and guidelines to regulate the cost of food and beverages provided at meetings, luncheons and other hospitality-related functions."

Old Fort William, being built for the Ontario Government as a tourist attraction in Thunder Bay, has cost more than twice the originally budgeted price. The cost to the end of last March stood at \$12.7 million. The construction contract signed five years ago was for \$5.5 million, subject to an increase of not more than ten per cent and increases due to inflation. Costs have also run far over approved limits in a related project. The Government agreed to have a university prepare manuscripts and technical reports on the fort, setting a limit of \$200,000. By the end of March, the cost had hit \$242,000.

See you next week.

From the Chamber

by Bob Stinson

Last week at both a Central Ontario Travel Association meeting and our own board of directors meeting we discussed two very controversial subjects at some length.

The first was the "G-65" signs. They are the ones which say "You are now entering the Haliburton Highlands Tourist Area." The Ministry of Industry and Tourism has ordered that these signs be removed and that the entire area simply be identified as Central Ontario. This same policy is in effect throughout Ontario. The Chamber, our County Council, and our board at Central Ontario have made it perfectly clear we are opposed to this policy. The Minister, the honourable Claude Bennett was quoted as saying "I suppose from a political point of view the one thing it does (the signs) is keep a lot of people in

the local community happy that they have an identification, even if those particular regional councils no longer exist."

The minister should be well aware by now that our "regional council", represented by this Chamber of Commerce certainly does exist. We are fighting this issue for two very important reasons. We spend considerable funds and efforts advertising the Highlands of Haliburton and we will have to spend even more if this Ministry insists on these attempts to destroy our identity. Aside from the commercial value of our name, we are also all aware that our identity does mean a lot to our residents and the ministry has no right to take it away. We paid for these signs, and we have paid an annual fee for their maintenance. Now Mr. Bennett has advised us that if we want them that badly we can apply to the Ministry of Transport to put up new signs at \$250.00 to \$275.00 each. It is also interesting to note that in April 1974, Mr. Fred Boyer, Executive Director of Division of Tourism of the Ministry stated in a letter to us "I believe I can assure you, either you will be able to maintain the signs should you wish it." We we "wish it" and we will continue to fight on your behalf to see that the Ministry keep their word.

The other topic to stir considerable interest is the practice of the Ministry of Natural Resources

to lease "water lots" to all commercial operators with docks or rafts projecting beyond the original high water line. According to information we were given at the Central Ontario meeting this project is supposed to be in temporary "limbo" pending further possible legislation regarding it. Our local Ministry of Natural Resources is not aware of this and is proceeding as normal with the plan. Advice from our group is that we should advise our members to avoid entering into any further agreements with the Ministry until this can be cleared up. We will be reporting more on this as soon as information is available.

Haliburton village experienced its busiest weekend this winter with the Kashagawigamog Atom Hockey Tournament drawing about 300 hockey players and their parents into the area plus the Haliburton Curling Club's annual Skyline Curling Bonspiel. It is too bad these two events hit on the same weekend and we note that if the Chamber's Birthday Calendar can be completed this type of clash will be avoided. The Chamber also was pleased to hold the "official" opening of the Canada Manpower Outreach office in Haliburton on Friday night and we were very pleased to see such a good turn out of our political representatives.

see page 8

Ranger named most valuable

George Bagnato of the Royal York Rangers took the top individual honors in the Lake Kashagawigamog Atom tournament played at the Dysart Arena over the weekend.

Bagnato was named Most Valuable Player for his efforts in helping his club to the grand championship.

In the B group of the tournament, the award winners had a local flavor with Billy Whittaker of Haliburton taking the award for the top goalie, Kevin Warburton of Minden was named top forward and Chris Palmer of Bancroft was best defenseman.

Top goalie in the A group was Grant Robb of Huntsville. Dave Hutchings of Mississauga was named top forward and the best defenseman was Dave Deaudy also of Mississauga.

Atoms win 1-0 squeaker in final

A goal early in the third period was all Minden Atoms needed to win the grand consolation championship in the Lake Kashagawigamog Atom tournament played at the Dysart Arena over the weekend.

The goaltending duo of Kevin Forbes and Scott Danilko were credited with the shut-out.

The two clubs played scoreless for the first two periods but persistent pressure by Minden and a number of penalties by the club from Georgetown finally paid off in a goal.

Credited with the winning marker was Doug Schell with an assist going to Scott

Hamilton.

Minden's lineup for the final game included Forbes, Danilko, Carl Alexander, Greg Newell, Kevin Warburton, Scott Yake, Robby MacLeod, Schell, John Dillon, Jeff Stamp, Paul Walker and Scott Hamilton.

The club is coached by Gary Warburton and Gene Newell is the manager.

Georgetown took a total of eight penalties compared to only two for the smaller Minden club.

In coming up with the win in the consolation championship, Minden found itself on the other end of the same score in which the club lost a tournament played recently in Minden.

County teams results in atom tournament

Minden Atoms lost their first game and went into the Consolation division of the Lake Kashagawigamog Atom tournament and from there won the grand consolation championship.

The other Haliburton County entrants, Haliburton Kashagawigamog Atoms lost their first game and then dropped out of the tournament at the hands of the powerful Minden club in the next game.

Minden fell behind 5-0 by the end of the second period of the club's first game against Oak Ridges and was only able to come up with one goal in the third period to break the shut-out.

Oak Ridges opened the scoring at the three minute mark of the first period when Frank Rossi connected from David Koteff.

Rossi started the Oak Ridges scoring spree in the second period with a goal at the eight second mark. Steven Arnold scored from Robert Munroe, Damien O'Lanherthy connected unassisted, Robert Sanders netted a goal from Rossi to round out Oak Ridges scoring in the second period.

An unassisted goal by Jeff Stamp kept Minden from being shut-out. The goal came in the opening minute of the third period.

Haliburton just couldn't get enough shots on net and despite excellent goal tending by Billy Whittaker lost to Oshawa 3-0 in the club's first game.

Oshawa got on the score-

sheet about midway through the contest when Pat McGarry scored from Chris Walls unassisted. A second Oshawa goal in the final minutes of the period proved to be all the insurance the club would need. Walls got credit for the score unassisted.

The final Oshawa goal came at the 6:14 mark of the third period when Bill Hayball connected unassisted.

Haliburton Atoms were able to hold Minden scoreless for the first five minutes of both teams' second contest but it wasn't long enough and Minden went on to win 5-1.

Scott Hamilton opened the scoring for Minden at 5:11 of the first period unassisted.

Haliburton evened the count at the 6:05 mark of the second period when Mike McNaull scored from Rick Barnum.

Hamilton put Minden back into the lead with just 1:48 to play in the second frame on another unassisted goal.

Minden got off to a late start again in the final period but the club was able to come up with three goals in the final five minutes.

Hamilton's hat-trick made the score 3-1. His third goal was unassisted as well. Kevin Warburton ran the count to 4-1 on a play from Greg Newell. Scott Yake rounded out the scoring with only 23 seconds to play in the game with an assist

Three Minden rinks went to the Skyline Bonspiel in Haliburton this weekend, with Alex Millar's team going into the finals of the D division to take the highest spot that Minden curlers reached.

The bonspiel's top position and Haliburton Lumber Trophy went to Murray Kuno's rink from Haliburton with Dave Bishop skipping and Bob McNaull and Dave Gray playing front end. They took first place in the A division with a win over Bob Colliver's Haliburton team in the finals. Dick McLean, Clark Bailey and John Wilson were on the Colliver rink. Ron Barr's rink, including Don Blakey, Lou Brown and Carl Wallace took third place in the A division for Haliburton and were followed by a rink skipped by Paul Michael of Oshawa.

Top place in the B division

went to Tim Brethour's rink from Uxbridge, who took the Curry Motors trophy. Tom Steen of Oshawa was second in that division, followed by Wayne Hussey and Bev Smith, also from Oshawa.

The Esso-Connelly trophy playoffs for the C division saw a close match between Dave Cowan's rink from Lindsay and the rink they put in second place, Andrusko of Oshawa. Bob Timbers of Sandford took third over Dave Morris of Orillia.

The D event Black's Hardware trophy was won by John Piper of Oshawa, a former two time winner of the Skyline's top honors. They had a tough time beating Alex Millar's rink from Minden. Millar's rink, including Paul Prentice, Dwight Thomas and vice skipped by Bill Obee were ahead for most of the match, but went down in a game

that could have gone either way right to the final stone.

In the semi finals, Millar's rink came against Ron Dyer's Minden rink, made up of Roy Colliss, filling in as vice skip for Ron Reid, Peter Heuss as lead and Bernie Trepanier as second. That was a very close game, going into an extra end to determine the winner.

Fourth in the D division beneath the two Minden rinks was Jack Naylor from Oshawa.

J.O. Jackson also skipped a rink for Minden, heading Jerry McKelvey, Neil Burk and Roy Colliss. They lost their third game Saturday evening and ended their participation in the bonspiel.

It was the 18th annual Skyline Bonspiel, including 32 rinks, nine from Haliburton and three from Minden. The bonspiel is reported to have produced better curling and more tight finishes that it has for several years.

Rangers' power upsets Oak Ridges

Oak Ridges Atoms came up with the first goal of the game but just didn't have enough manpower to hang in with Royal York Rangers in the grand championship

of the Kashagawigamog Atom Tournament.

Royal York won the final game 5-2.

Oak Ridges took a 1-0 lead at 6:19 of the first period when Robert Sanders connected from Frank Rossi.

Doug White evened the count with 1:33 to go in the period on a play from Ken Nadin.

White gave Royal York the lead with less than two minutes gone in the second period unassisted.

Rossi sent the two clubs to the dressing room even at the end of the second period when he scored from Sanders with 1:10 to play.

Royal York, playing with three full lines was just too much for Oak Ridges in the final frame.

Peter Hennessey put Royal York into the lead to stay at 3:08 of the final period on a play from Tim Griffin.

Alan Sadowy got the insurance marker at 6:41 of the period with an assist going to John Daleggio.

The final goal of the game came off the stick of Robbie Kimball with 2:14 remaining in the game. The goal was unassisted.

Only three penalties were called in the contest with all of them going to Royal York.

Tournament results

In the first round of the Lake Kashagawigamog Atom tournament the winning teams went on into the championship flight and the losers went into the consolation division.

In the A group first round Wexford downed Georgetown 2-0, Royal York bombed Bracebridge 10-0, Mississauga defeated Huntsville

see page 7

The top rink of three from Minden that entered the Skyline Bonspiel in Haliburton this weekend was made up of, front left, Dwight Thomas, second, front right, Paul Prentice, lead, back left, Bill Obee, vice and skip Alex Millar. After beating Minden's Ron Dyer in a close match that went into an extra end, Millar's rink went down by a narrow margin to finish second in the D division of the bonspiel.

Playoffs are underway

Minden's Prentice Roads Pee Wees, Jadek Sports Bantams and Walker's Lumber Midgits began the first round of the O.M.H.A. playoffs with Ops this weekend, for the most part with successful results.

The Pee Wees and Bantams didn't seem to have any trouble, as they played on home ice Saturday and away on Sunday.

The Pee Wees took their first game by a score of 5-2 and their second 2-1. The Bantams won 6-2 over Ops on Saturday, and registered a 5-0 victory on Sunday.

The Midgits, who tied Ops once during the regular schedule, and lost once to them in a close 8-7 game, did not have the same success as Minden's younger divisions had. They lost Saturday and Sunday, going under in that first game by a score of 9-4.

On the coming weekend, Minden Midgits return to Ops for a third game

Sunday.

Pee Wees and Bantams will meet Ops on home ice this Thursday, beginning at 7:00 for Pee Wee action and

8:30 for the Bantams. With good luck, good hockey and good support, they may take the first round of their group playoffs this week.

Atoms continue winning ways

Minden's Yake Electric Red and White O.M.H.A. Atoms continue their schedule in a winning way, adding an 8-0 victory over Bobcaygeon on Thursday to their wins in the Haliburton Atom Tournament on the weekend.

Jeff Stamp was the top goal getter for Minden, putting in the first goal unassisted and the second on a play from John Dillon.

Kevin Warburton took the next two Minden goals, both in the second period and both unassisted. Warburton and Stamp then teamed up for a fifth goal before the end of the second period,

put into the net by Stamp.

In the third period, Scott Hamilton took the puck from Scott Yake and Kevin Warburton to score again. Doug Schell put in the seventh goal assisted by John Dillon and Robby McLeod.

The first goal found its way in off Scott Hamilton's stick, with assists going to Kevin Warburton and Scott Yake.

The team is a strong unit that has been working well together all season. Their regular schedule of games continues until Feb. 5.

Minden's Vasey's Juvenile forward Brian Shaw heads into the Sunderland end during Friday night's first playoff game in Minden. The home team failed to maintain their early lead in the game, and went into overtime losing to Sunderland 8-4 after a 4-4 draw. The Juveniles are playing a good calibre of hockey and had another close match with Sunderland on Sunday. The third playoff game will be in Cannington, Sunderland's home rink, on Saturday at 7:45. Minden needs support, and should do well.

Tri-County action for local pee wees

Both the Tri-County Dolo's IGA Bantams and the Mike's Milk Midgits were idle this week, but the Wrightman Tri County Pee Wees came up with a good game at the Minden centre on Sunday, defeating the Little Britain Pee Wees 8 to zip.

Craig Coneybeare led the scoring with four goals and

one assist. Tim Rauding scored twice with singles going to Louis Reynolds and Paul Silvers. Claude Crego Andy Pristol and Rick McGee assisted on two and Rick Cooper added one assist.

Both goaltenders, Patty Brady and Jamie Hutcheson played well and earned the shut-out.

Minden Curling Club's standings

Standings in the Minden Curling Club, three weeks into the New Year's schedule, show Cec Yearwood at the top of the men's Tuesday night curling, with a total of 20 points.

Jack Jackson, Don Blakey, Tom Hurtt and Roy Colliss are all lined up with 20 points. Alex Millar has accumulated 10, leaving Bob Austin and Don Brintnell at the bottom with no points.

In the Women's league, curling Wednesday afternoons, Louella Yearwood leads by five points over Maisie McIntosh with 20 points, Gwen Cox has 10, and is followed by Peg Pettinger with five.

In the Mixed curling leagues, Wednesday Night

is led by Jack Jackson's rink with 30 points. Next is Bob Austin with 20, Roy Colliss with 10 and Gareth Kellett in the basement with no points.

Friday Night Mixed curling is led by Dwight Thomas with 30 points, a good lead over rinks skipped by Bill Roodenburg, Perc Brintnell and Joe Rivers with 10 each.

Bill Obee leads the Thursday night mixed teams, totalling 30 points. Alex Millar has 25, staying just ahead of Phil Graham and Art Hodgkinson with 20. Don Hall has added up 15 points, Tom Hurtt, Ed Pettinger and Cec Yearwood 10, and Paul Prentice and Herb Gill with none as yet.

Minden's Vasey's Juveniles made a strong attempt to take Sunderland in the first round of the playoffs Friday night, but went down in a 10 minute overtime period by a score of 8-4.

The puck didn't start bouncing for Sunderland until late in the game. Minden skated hard and had the lead for most of the match. Steve Farnsworth played an excellent game in the net, having just moved to goaltending from defence.

Minden began the scoring at 6:38 of the first period, as Dave Brown put in the first of his two goals. He was assisted on that play by Steve Davies and Dan Allison. Brown also took an assist on Minden's second goal, to be Minden's top point getter.

Sunderland put in the second goal of the game at 10:30 of the first period, scored by Dave Squires, assisted by Gary Brethour.

Minden broke the tie at 12:52, as Brian Shaw scored from Dave Brown and Dan Allison. Just seconds into the next period, Minden scored again to bring the

score up to 3-1. Jerry Campbell was the marksman on that goal, assisted by Scott Gartshore and Shane McKelvey.

The second period brought out the best of both teams, as they fought until the 13:17 mark without scoring on either side. Sunderland found an opening at that point and Clare Shaw put an unassisted shot past the Minden goalie.

Although it looked as if scoring would be over for the second period, an unassisted shot by Dave Brown found its mark, leaving Sunderland two goals down going into the third.

At 9:08 and 14:04, Sunderland scored to tied the game 4-4. Harvey Millar, assisted by Clare Shaw, and one unassisted goal by Shaw put them in the lead.

Minden missed a good scoring chance in the last minutes of the third period, forcing the game into overtime.

Dale Snowdon, Harvey Millar, Brian Hadden and Ken Findall put in goals for Sunderland, while Minden missed the opportunity for a number of passing plays and

didn't catch the net on some close shots. The game ended 8-4.

Minden took a total of 26 minutes in penalties to Sunderland's 20.

Late goal gives Sunderland win

Saturday's Juvenile play off game between Minden and Sunderland was a near repeat of Friday's, with the game almost heading into overtime from a 4-4 tie close to the end of the third period.

A Sunderland goal found its way in, however, at the 19:04 minute mark of the last period, leaving Minden only 56 seconds to tie things up again if they could. The game ended in a close 5-4 win for Sunderland.

Dan Allison, Dave Brown and Brian Shaw all scored for Minden in one shift early in the second period, with those three goals going in within minutes of each other. The fourth Minden goal was scored by Brian

The Minden team played well, having come a long way together since the beginning of the season. The fans saw what they came to see, good hockey.

The game was tied 4-4 from the middle of the second period until Sunderland's final last minute break. A fight in the second period left Minden short one defenceman, which may have made a difference to the game's outcome.

Minden travels back to Cannington, Sunderland's home ice, on Saturday for the third game in the five game playoff series. The match begins at 7:45. A win for Minden is crucial if they are to continue in the playoffs, but with Saturday's improvement over Friday, prospects look good for a winning third game.

Atom tourney a success

from page 6

4-1 and Stouffville was upset by Thorold 3-0.

In the B group Oak Ridges downed Minden 5-1, Oshawa beat Haliburton 3-0, Bancroft defeated Markham 7-2 and Hillcrest downed Clarence New York 3-2.

Royal York shut-out Wexford 8-0 in the second round of the championship division A group and Mississauga won 4-0 over Thorold.

In the B Group championship division second round Oak Ridges shut-out Oshawa 4-0 and Bancroft won 6-0 over Hillcrest.

Georgetown downed Bracebridge 8-1 in the second round of the consolation division A group and Huntsville won 2-1 over Stouffville.

In the consolation B group second round Minden defeated Haliburton 4-1 and Markham won 4-2 over Clarence.

Royal York won 2-1 over Mississauga in the A championship 3-2 over Huntsville and Minden clobbered Markham 10-1 to win the B consolation championship.

Minden's 1-0 win over Georgetown gave them the grand consolation championship.

Dr. Crowe in Minden

from page 2

grandfather died soon after at the age of 87.

As well as being a doctor, Dr. Crowe was active in politics, as reeve of Anson and warden of the county in 1932. He was also very interested in the selection of candidates for higher government positions. He really worked for his choice, for the man he considered best for the county town. He was PM of the Arcadia Lodge and was faithful to that, trying always to practise his commitments.

He was also interested in world affairs. When the war started in September of 1939 he at once started to prepare to go again and help where he had been in 1918 in order to finish the job.

He sold his practice to Dr. Agnes Jamieson and assistants and he and Mrs. Crowe were in England for Christmas. Hewitt Transport moved their furnishings to the Orangeville vicinity, with Ernest and I doing the work.

After arriving in England

in December of 1939 he enlisted in the British medical corps with the Imperial Army. He had been a corporal in field artillery in the first world war, and so advanced quickly.

In January he was sent to the Middle East and Egypt, while his wife Ruth became a hostess at the Beaver Club in London. Many men from the Minden area who were on active duty went to see her there. In this way, Minden received news of the doctor and his wife. Very shortly news came that Dr. Crowe had been wounded and taken a prisoner at the battle of Crete. After that, everything that he wrote was screened and only light messages were received about him.

Through different sources it was learned that he had lost his personal belongings and clothes. Since he was in a tropical country, he had also lost weight, the temperature being over 100 degrees Fahrenheit.

Being a medical doctor, he was in charge of caring for infections in the prison camp where he was held until the end of the war. This helped to keep communications to him open, since he needed supplies and food to carry on his duty. Very little word was allowed in or out, but occasionally we did hear from him directly. Minden once received word that he was smoking Canadian cigarettes at Easter that had been sent to him at Christmas. He said that he received his mail in bunches which meant that parcels were sometimes several months late but most welcome all the same, and we were to keep sending them.

His picture was published in the Toronto Star among pictures of other prisoners. My brother Earl, who often helped him with transportation around Minden was one of the ones who received a letter from him. Mr. Brockwell who had Onandaga Camp also heard

from the doctor, as he and Dr. Crowe were great friends.

There were a few others who heard directly from him, but most messages came through Mrs. Crowe at the Beaver Club.

Both of the Crowes were busy throughout the second world war and were among the first to be sent home, a well deserved break after years of service, trials and hardship. I hope they were given a proper welcome but with so many coming home at the time, and with so much rejoicing, I am unable to elaborate on any particular homecoming.

Dr. Crowe bought what was Dr. Gorman's office in Lindsay, when he returned. Pretty soon he was filling up bottles of medicine and sending them to Minden. He was home.

In 1946 I had the misfortune to get a compound fracture in my leg, which eventually required a bone graft at the Toronto General

Hospital. Dr. Crowe arranged everything and took me down. His fees were less than a taxi would have been but he wouldn't take extra payment. I supplemented by having Hewitt Transport deliver a load of wood to him at Christmas time, which the doctor said was greatly appreciated.

While he was in Minden, he often accepted wood on account from several diffe-

rent sources.

Dr. and Mrs. Crowe continued in Lindsay, but after the war, changes were seen everywhere. The doctor himself was a changed man with advancing years. However, he again acted as coroner and was, as always, willing and ready until his death in Lindsay at the age of 77. I understand that Mrs. Crowe is still living in Lindsay.

Pee Wees win games

Minden's Prentice Roads O.M.H.A. Pee Wees now have two wins towards the three out of five game series that they are playing with Ops in the first round of the hockey playoffs.

Saturday's game in Minden was taken 5-2 by the Minden Pee Wees, who began the scoring at the 7:23 minute mark of the first period, on a shot by Jim

McKelvey and an assist from John McKelvey.

There was no more scoring in the first period, and Ops were the only ones to find the net in the second. Their two goals went in at 1:14 and 9:55, from Mark Nevan and Dennis Callaghan, leaving Ops ahead 2-1.

In the third period, Minden took over, scoring right up until the last minute of

play. Ivan Ingram put one in at 3:04 assisted by Bruce White. The next was from White, assisted by Ingram as the two teamed up again to pull Minden ahead at 5:24.

John McKelvey scored at 6:11, assisted by Jim McKelvey and David Stribling. Just 41 seconds before the

end of the game, Terry Allore found the mark, on an assist from Tim Pettes.

In the second playoff game, Minden almost kept Ops out of the scoring.

The Prentice Roads Pee Wees took the lead, after more than a period of scoreless play. At 1:17 of the second John McKelvey, assisted by Jim McKelvey and Dave Stribling, scored the first goal.

There were no more successful shots until just into the third, when at 1:59, the two McKelvey's got together again for another goal, scored by John, on an assist from Jim and Kevin Hamilton.

At 10:44, Ops broke through Terry Crowe's shut-out and scored their only goal, leaving the game 2-1 for Minden.

The great hockey that this team has come through with makes chances look good for a Minden win in this first round of the Pee Wee playoffs.

Chamber

from page 5

The county council have now established their committees for the coming year. Our board is pleased to welcome Fred Baum, Larry Hunter and Murray Fearrey on our board representing county council. Bob Vick who has served on our board for several years has promised to visit our meetings from time to time in his new capacity as Warden.

Len Foster of Tory Hill met Don Mathews of Wilberforce recently and found they were both "Old Timer" hockey players. They wondered if there were any others in that area with a similar interest that would be interesting in forming a team. Roy Scott tells me they are planning a mens round robin tournament in conjunction with the Winter Carnival. Interested players in the Wilberforce area could possibly compete if they could put a team together. You can call Len at 448-2041 and Dan at 448-2230 if you are interested.

A.T.R.O. are sponsoring an Insurance Seminar at PineStone Inn this Thursday which will involve panel discussions chaired by experts in this field. Both members and non-members are welcome to attend this important seminar at \$7.50 which includes lunch. Registration is at 9:30 a.m. and an advance call to either Art Ward at 457-1800 or Bruce Henry 457-1300 would facilitate their planning.

We hope to see you all at the Minden Carnival this weekend. By the way, have you seen the carnival promotions on C.K.C.O. (Channel 11). This promotion will continue following the Minden Carnival to feature the Haliburton event. This promotion is possible through the assistance of Central Ontario Travel Association funding.

COMING EVENTS

January 28, 29 and 30 - Minden Kinsman Winter Carnival
February 12 - Minden Kinettes Valentine Dance - Minden Community Centre - Dance at 8:30 with 'D.J.' Jim Brooks - Bar and Salad Buffet.
February 11, 12 and 13 - Alcide Carpenter Memorial Pee Wee Tournament - Haliburton Arena
February 18, 19 and 20 - Haliburton Rotary Carnival and Cross Country Ski Loppett.

Norland Notebook

By Barbara Maunder
454-3233

Ladies of the Auxiliary of Firemen would like to thank everyone who helped in any way toward making their Snowball Dance on Saturday Night such a success. Special thanks to Marlene Bartley and her group for the great decorations and the lovely buffet lunch supplied by friends of the community. The next dance is planned for Sat. Feb. 26.

Congratulations to Gordon and Marilyn Bartley who will celebrate their twenty-fifth wedding anniversary on February 2.

Dixie Fountain, R.N., daughter of Mr. and Mrs. Everett Fountain, left on Monday, Jan. 17 for Miami Florida where she will be nursing in the Cedars of Lebanon Hospital. Everett, her father, is home from the hospital in Lindsay and feeling much better.

Roy and Rotha Bryant and Ernie Edwards were among the people who attended the Thirtieth Patients Reunion of the Shouldice Hospital on Jan. 15 at the Canadian Room in Royal York Hotel, Toronto. I'm told that this is a very popular yearly event and tickets must be purchased early to enable one to attend. A delicious dinner is served, followed by about two hours of outstanding entertainment.

The Norland Library Board has elected its new officers for 1977 with Mrs. Hilda Chynoweth as president, Mrs. Linda Easton - vice president, Mrs. Joyce Bartley - secretary treasurer, with a committee of Mrs. Marjorie Fountain, Mrs. Dorothy Brown and David Graham.

Last year, the Mission of Lepers realized \$15,000. from the sale of used postage stamps. Please save used stamps with a 1/4 inch margin of envelope attached and leave them at the Norland Post Office. Thank you very much.

Thursday, January 27, the Official Board of Coboconk United Church Charge will meet in Kinmount United Church at 8 p.m. Church officers, please attend.

Last week when my husband and I were in Toronto we were fortunate in having an advance look at new Toronto Eaton Centre scheduled to open Feb. 10. The centre is located at the corner of Dundas and Yonge Streets. It will include a new Eaton's store, a 26 storey office tower and a glassed in retail mall running south to Queen St. The nine retail levels (3 levels below ground) are designed so there will be a shopping spot for every one. You will be able to choose from six places to enjoy a meal, either cafeteria style or in an elegant dining room. The Marine Room is a cafeteria style restaurant that is designed like a ship with many nautical ideas and will seat 1000 people. It is finished and being used by office staff who have already moved into the new building. Most of the merchandise will be brand new for the opening, which means great clearance sales in the Queen St. and College St. Stores. Exciting colours and attractive bright decors have been used in the new Toronto Eaton Centre and you will enjoy shopping in this store, I'm sure, after its opening on Feb. 10.

Our Norland Hockey team has been doing much better as of late and defeated the Natural Resources team on Sunday. Next week completes the series. Good luck in the play offs team!

Bowling Team Standings - Fred Patullo - 5, John Beachli - 4, Bill Lee - 3, Harry Smith - 2 points. High single ladies - Dana Lee - 232 & triple - Rotha Bryant - 613. Men's high single - John Beachli - 278 and triple Tom Swan 621. Spare Men's high single and triple - Bernie Greer - 300, 642.

Wedding

Candles and Mums decorate church

Candles, bittersweet and mums were the decoration for Pioneer Baptist Church, Norland on Saturday, November 6th, at 5:30 when Susan Elizabeth, daughter of Mr. and Mrs. Mervin Brohm Miner's Bay and James Albert, son of Rev. and Mrs. C. Roy Vanderlip, Norland were united in marriage. Rev. C. Roy Vanderlip officiated the double ring ceremony. Given in marriage by her father the bride wore a floor length empire style gown of polyester satin with lace insert at the neck. The cape and hood were chiffon trimmed with hand-made lace. She carried a basket of dried flowers, satin roses and bittersweet.

Matron of honor was Fay Brown, friend of the bride. Bridesmaids were Sharon and Alice Vanderlip, sister

and sister-in-law of the groom and Kim Brohm, sister of the bride. Their floor length gowns were pumpkin colored satin with swiss dot overlay, square neck-line and long gathered sleeves. They carried white baskets of dried and satin flowers.

Best man was Jim Prout, friend of the groom. Ushers were Rick Vanderlip, brother of the groom, Peter Brohm, brother of the bride and Steve Matthews, friend of the groom.

During signing of the registrar, soloist Norma Poulain sang "We've Only Just Begun" accompanied by pianist Eileen Dykes.

Reception was held at the Royal Canadian Legion in Coboconk. The happy couple left for a honeymoon in Florida and will be residing in Whitby, Ont.

Vanderlip - Brohm

Council

appoints committee

Galway-Cavendish council has made its committee appointments at the last meeting of council.

Henry Nokes is on fire protection; Harry Platt and Will Heul, official plan; Harry Stuart and Art Chambers, building inspection; Jean MacLellan, planning; and Jean MacLellan and Harry Stuart, Health and Sanitation.

The reeve Carl Brickman will act as an ex-official member of each committee.

Council

minutes

The Inaugural meeting for the Townships of Galway & Cavendish was held on January 10th, 1977 at 11:00 a.m. Present were Carl Brickman Reeve, Art Chambers - Deputy Reeve, and Councillor Harry Stuart. Councillors Jean MacLellan and Henry Nokes arrived for the afternoon session, due to weather conditions. The meeting opened by reading of Declarations, followed by Reverend Crawford's blessing, and the Reeve's opening address. Friends of the Council were present for the Inaugural meeting.

77-1 Moved by Chambers Seconded by Stuart, for a temporary adjournment. Carried.

77-2 Moved by Nokes Seconded by MacLellan, that the minutes of the Dec. 31st, 1976 meeting be adopted as circulated. Carried.

77-3 Moved by Chambers Seconded by Nokes, that

Coboconk News

by Shiela Lake

Paul Weaver is again in Sick Childrens Hospital in Toronto, for further treatment on his hip. For a little fellow, he has been most courageous and all his friends wish him a speedy recovery.

Mr. & Mrs. Scott Robertson have been visiting their son Murray and family at Brooklin.

A number of local senior citizens left this week for a holiday, via bus in Florida. I'm not sure it will be a change, weatherwise, since Florida has had winter type weather this week.

Euchre fans are reminded of the euchre games held in the Legion Hall every other Friday.

Dr. Blake Beaton of Whitby, who has been living at his home on 4 mile lake, out of town on the Burnt River Road, has gone to his sons home at Whitby, due to poor health.

The Sea

Behold the wonders of the mighty deep
Where crabs and oysters learn to creep
And little fishes learn to swim
And clumsy sailors tumble in!

From the Provoker

Local Garages were extremely busy on Tuesday morning when temp. hit a record low, 42 below on the old Faher. scale. It was too cold for animal man or machine.

Dr. Don Trent and his wife, Mary Lou were given a parting gift by the Lions Club on Thursday night. Don and Mary Lou made many friends in the area in the short time they lived here, and it is with deep regret we must see them leave. Their many friends wish the Trent's God's blessing and very best wishes as they prepare to move to the Georgetown area where Don will continue to practice medicine.

Mrs. Gertie Pearce, Mrs. T. Rutter, Mrs. C. Lake and Mrs. G. Lake attended a bridal shower for Christina Graham, held at the home of Mrs. J. Bradamore, Port Hoover Road, Little Britain, on Saturday evening.

Mrs. Ethel Farrow visited Mrs. Reta McNeil at Haliburton on Tues. afternoon.

Two of our senior citizens who are not very well are Mrs. Joe Hannivan and Mrs. John Bradamore. Both are confined to their homes, unable to care for themselves. Let's cheer these ladies with a pretty card or a very brief visit to brighten their day. Their families give them the best of care but it is hard for them to accept their life of helplessness.

Expanding the Recorder coverage

The Minden Recorder, in an attempt to expand its coverage area in order to take in the municipalities south of Minden will be publishing a section of the paper as district news.

This section of the paper is for people in the Kinmount, Coboconk and Norland areas.

In order that we receive the news from these areas we will need the co-operation of the people. If you have any news from these areas that you wish to see in print please phone us at 286-2205 or call any of our local correspondents.

If your meeting or event is newsworthy give us a call beforehand, perhaps we can do a little promotion.

Many Council appointments

Galway Cavendish Township Council has made a number of appointments to various positions.

The fence viewers, evaluators for Galway and Robert Stone and Ralph Maguire and in Cavendish Gordon Manley.

Pound keepers in Galway are Percy Scarlett and Gus Silen and Russell More takes the position in Cavendish.

Ralph Pearson is the weed inspector.

On the cemetery board are Charles Hughes, Carl Brickman and Art Chambers.

Road superintendent is

Ralph Pearson, trench inspector is also Ralph Pearson and Arnold Hughes is temporary building inspector in Galway and Roy Carswell takes the same position in Cavendish.

Fire wardens for Galway are Peter Pearson, Charles Molyneaux, Russell Anderson, Joseph Shaw, Claude Dettman, Victor Quillet, John Hickey and Ken Young. In Cavendish the wardens are Gary Weitzel, Gordon Manley, Russell More, Roy Carswell and Hugh MacLellan.

Galway - from page 10

Mrs. Joan McCausland be appointed acting Clerk treasurer until the appointment is filled in a permanent manner.

Carried.

77-4

Friend May Not Have Full Deck

By Abigail Van Buren
© 1976 by Chicago Tribune-N. Y. News Synd. Inc.

DEAR ABBY: I am a widow in my late 50s who has been keeping company with a bachelor my age for three years. My problem is I still haven't met any of his family members.

He lives on a farm with his mother and two sisters. I've never been to his house because his mother is senile and both his sisters are crazy.

He doesn't work and says he has no income, but he owns a little property and drives a nice car.

He's asked me not to phone him because he has a party line, which he says everybody listens in on, and he doesn't want people knowing his business.

Last year his brother died, but he didn't tell me until after they buried him because he said it was a private funeral and his brother was crazy. I'm beginning to think insanity runs in his family.

If I weren't so darned lonesome, I'd forget him, but he does play a nice game of gin rummy. How do you and your experts figure him?

MINNIE IN W. VA.

DEAR MINNIE: My experts suspect that your gentleman friend is either married, crazy or both. And my advice is to determine his marital status, find another gin rummy partner or take up solitaire.

DEAR ABBY: I took your advice and acted like a liberated woman by calling up a guy and arranging a date with him.

Well, it just didn't work out. You said a man would feel "flattered" to have a girl call him and tell him up front she thought they would enjoy each other's company.

This guy was flattered all right, but his ego got to be too much by the end of the evening. He couldn't buy the idea that I didn't want to get him between the sheets. (I really didn't.)

I'm afraid the average man still likes to take the initiative when it comes to dating. Or did I just happen to get a dud?

GUESSED WRONG

DEAR GUESSED: I think you got a dud. Just because a man asks a girl for a date doesn't mean he wants to take her to bed. And the same applies to women who take the initiative.

DEAR ABBY: I work for the Bureau of Vital Statistics. Since quite a few people have had sex change operations recently, they have been requesting that their names be changed to agree with their sex change. We are having difficulty in writing to these people.

They usually have their names legally changed before having the sex change operation.

For example: A man named James Black has changed his name to Virginia Black. By rights he is still a male with a female name.

When writing to him, should we address him as "Dear Mr. Black," since he is still a biological male, or "Dear Miss Black," since his name has been legally changed?

BALTIMORE DILEMMA

DEAR DILEMMA: Address him (or her) by his (or her) legal name.

Hate to write letters? Send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212, for Abby's booklet "How to Write Letters for All Occasions." Please enclose a long, self-addressed, stamped (24¢) envelope.

Your Skin, Mirror of Beauty

by Anna Verkerk

The seventeenth century world believed that beauty is only skin deep. Nowadays we know better, though. We know that to keep skin healthy looking and supple, it must be well taken care of.

The skin which, except for keeping us in one piece, also serves as observation post for our nervous system, rings the alarm in case of pain or pressure and helps the regulation of body heat. On the surface lie millions of fine pores that manage the oil supply, keeping the skin flexible. To renew itself, the skin abandons old cells at the same time that new ones are made. The cells and bloodvessels are nourished from the inside.

To function properly, the skin needs vitamins A, B, C and E in addition to great quantities of water and silicon.

An insufficient amount of vitamin A makes your skin dry and scaly, while it may also be the cause of hair fallout, large pores and pimples. Sources of food which contain this vitamin are apricots, and green vegetables, egg yolks and butter. Vitamin A is destroyed very easily when food containing it is boiled or dried. Freezing is a better way to save this vitamin. It is also made by the body itself of carotene and saved

in the layer that lies immediately under the skin. One can see its colour through the skin which makes some people look like they're made of milk and honey.

Enough B vitamins will make certain that your nervous system is strong and relaxed, which in turn is excellent for the circulation. A bad circulation may lead to dry skin and a sallow complexion with cracks at the corners of the mouth. Liver, yeast and milk all contain vitamins of the B kind. Eggs and yoghurt are also good sources.

Vitamin C is often called the "disease fighter." About two hundred years ago vitamin C was the first to be discovered. It has, especially in the old days, saved quite a number of lives from that much dreaded disease the scurvy which prevailed among many crews of seafaring ships, due to a shortage of fresh vegetables and fruit.

The common cold may often be prevented during the first stage by taking a large amount of this vitamin and keeping this up every hour until one feels better. Among the many things that can be combatted are food poisoning and diarrhea. What does vitamin C do

see page 14

Reeve returns home

Anson, Hindon and Minden Reeve Reg Booth arrived home from the Civic Hospital in Lindsay last Friday night, after nearly a three week stay made necessary by high blood pressure problems.

Mr. Booth is reported to be coming along fine and working his way towards good health, but is under doctor's orders to rest in bed for a couple of weeks longer to make his cure complete.

Given probation

Three Bancroft youths, James Brown, John Lavoy and Kenneth Bruce were given a suspended sentence and a two year probation with a long string of conditions attached at the provincial court in Minden on Jan. 18 on joint counts of mischief and causing wilful damage.

The terms of their probation, for damage done to cars in the Haliburton area, are that they report monthly to a probation officer, drink no alcohol nor enter any licenced premises, take no drugs other than by prescription, not to associate with each other, pay \$175 each in restitution, and obey a curfew during the week from 6:00 a.m. to 10:00 p.m. and on Friday and Saturday until midnight.

The three pleaded guilty to the charge on November

23, but sentencing was held until a presentence report had been prepared.

Suspended

Ronald Shane Sisson of West Guilford, charged with the theft on September 16 of 1976 of approximately \$2,800 from Andrew Sisson, was given a suspended sentence at the provincial court in Minden on Jan. 18 with a two year probation stipulating that he is to keep the peace.

Sisson, 18, pleaded guilty to the charge on Nov. 23, but reappeared in court for a presentence report. Almost all of the money, stolen in a purse that was hidden beneath a blanket in an upstairs bedroom, was recovered at the time of the investigation.

IN MEMORIAM

McKELVEY - In loving memory of a dear husband and father, Wallace, who passed away February 1, 1975.

How we miss the welcome footsteps
Of the one we loved so dear
Oft we listen for his coming
Fully sure that he is near.
Thou art gone but not forgotten
Fresh our love will ever be
For as long as there is memory
We will always think of thee.

Sadly missed by wife Roene and son Daniel.

Wintario

Harvey McCulloch, Q.C., Chairman of the Board of the Ontario Lottery Corporation, announced today that Wintario's third million dollar Bonus draw will be held on February 3rd in conjunction with the regular Wintario draw scheduled for Bowmanville.

Mabel Medcalfe leads combines

On January 18, the Tuesday Night Combines were led by Mabel Medcalfe in the high triple scoring.

Her total was a high 731, from games of 199, 254 and 278. She had a good lead over second place Jim Foster who bowled 212, 245 and 230 for 677.

Danny Harding placed third in the high triples, with 213, 204 and 233 for 650. Next was Jack Henderson with 171, 223 and 240. Pearl Foster rolled 181, 221 and 228 for a total of 630. Harry Hobden had games of 199, 201, and 215 for a triple of

615 and was followed by Alex Stevenson with 235, 173 and 200 for 608. David McKinlay had games of 207, 233 and 165 for his triple score of 605.

High singles were registered by Gail Medcalfe, who bowled 249, Lillian Gorveatt, who bowled 244 and Bill Cowan, who had a game of 241.

Art Beatty rolled 238 points, Ken Piper, 230, Bob Patton, 223, Millie Beatty, 220, Betty Yateman, 217, Bruce Medcalfe Jr., 205 and Brenda McKinlay, 205.

Your skin from page 13

for your skin? It makes the connective tissue, which lies just underneath the skin, stronger, thus preventing bruises. It also makes you look younger and provides energy.

A minimum of 300 milligram is necessary every day. Half a grapefruit contains about 80 milligrams and a good sized orange 100 milligram. But make sure to always rinse your mouth after you've eaten a citrus fruit or drunk the juice thereof, because what's left between your teeth will change into citric acid and damage them. Vitamin C is found in a number of foods, namely cabbage, fresh fruit, fresh vegetables, green peppers, tomatoes and the juice thereof.

This vitamin is destroyed very easily when the food is boiled or just exposed to the air. Save half a grapefruit by placing the cut part on a dish. Give a patient enough vitamin C to eat or drink, because one high fever is enough to destroy all the vitamin C that are in the body.

Vitamin E helps maintain strength and elasticity of the muscular system and is also necessary for the growth of the body and for reproduction. Not enough of it in the body makes the hair dull and may even cause fallout. The small brown spots that older people so often have on the skin of their arms and hands are caused by insufficient assimilation of this vitamin. The best food sources of vitamin E are wheatgerm, fresh vegetables, peanuts or the oil of them. Heating destroys this vitamin.

Silicon is often called the beauty mineral of nature. It makes sure that the skin is tight and firm and the hair keeps its natural shine. Fruit rich in silicon: apples and avocado's. Honey also contains silicon.

Dermatologists call water the "non-vitamin vitamin." It is an important food for your body and especially for the skin, also because it produces energy. It decreases apprehension and anxiety because it alleviates brain exertion. Try to drink at least eight glasses of it during the day, preferably well water.

Did you know that the skin of an adult person weighs about six pounds. Six pounds of bloodvessels, cells and connective tissue, that require the nutrition you care to give.

In this scientific age it's "you are what you eat" instead of the seventeenth century's cry of old. We live and learn don't we?

BONUS DRAW

Extra one million dollars for 100 bonus prizes of \$10,000 each.

1.

Regular five-digit Wintario ticket and series numbers.

For five chances at \$100,000 and more than 45,000 other tax-free cash prizes.

2.

Eight-digit Bonus Draw number

If the eight digit bonus number on your ticket corresponds exactly with one of the 100 bonus numbers drawn, you win \$10,000 tax free.

A buck, and you're in for both.

For the February 3 Wintario draw, your Wintario ticket has two sets of numbers—one for the regular Wintario draw, for between \$3 and \$4 million in prizes. And the other for the special million-dollar Bonus Draw—with one hundred extra prizes of \$10,000 each.

In accordance with the Lottery regulations, all unclaimed prize money is retained in the prize fund, until the expiry of the one-year claiming period. It is then transferred into a special prize fund to be

available for additional or bonus prizes in subsequent draws. February 3 is our third Bonus Draw.

On this occasion, to accommodate the advance bonus drawing, ticket sales will cease at 6:00 p.m., Thursday, February 3, 1977. So get your ticket now, because they're going fast. And watch the special one-hour Wintario show live on TV from the Bowmanville High School in Bowmanville, February 3 at 9:00 p.m.

*one year claiming period.

TIME: 7:30 p.m.
PLACE: Health Unit Office, Haliburton.

IN MEMORIAM

HORSLEY - In loving memory of a dear mother and grandmother, Ivy Georgena Horsley, who passed away January 21, 1975.

One year has passed dear mother
Since you were called away
In tears I saw you sinking
Though you fought so hard to stay.
I was not there to see you die,
To hold your hand or kiss you goodbye
But I'll remember my whole life through
The last few words I had with you.

Sadly missed and always remembered by son Oscar and daughter-in-law Myrtle and family.

IRISH - In loving memory of a dear dad, Charles Edward Irish who passed away on January 21, 1972.

Treasured thoughts of one so dear,
Often bring a silent tear,
Thoughts return to things long past,
Years roll on but memories last.

Always remembered by son, Gerald.

IRISH - In loving memory of my dear husband, Charles Edward Irish who passed away on January 21, 1972.

A million times I've needed you
A million times I've cried
If love could have saved you dear
You never would have died.
Things I feel most deeply
Are the hardest things to say
My dearest Charles I loved you
In a very special way.
If I could have one lifetime wish
One dream that could come true
I'd pray to God with all my heart
For yesterday and you.

Forever loved and sadly missed by wife, Greta.

McCREA - In loving memory of a beloved husband, father and grandfather, James R. McCrea, who passed to eternal life January 30th, 1974.

In tears we saw you sinking
We watched you fade away
Our hearts were almost broken
You fought so hard to stay.
But when we saw you sleeping
So peacefully free from pain,
We could not wish you back
To suffer that again.

Sadly missed and always remembered by wife Mary, son Vernon, daughters Marilyn and Beth and their families.

Births

Mr. and Mrs. Barry Dunford of Tory Hill are pleased to announce the arrival of their daughter Jennifer Lee, born January 11, 1977 at the Peterborough Civic Hospital.

Proud grandparents are Mr. and Mrs. Hubert Dunford of Tory Hill and Mr. and Mrs. Oliver Hunzinger of MacTier.

BIRTHS

COWAN - Heather is really happy to announce that she has a little baby brother, Andrew William Lyle, 6 lbs. 13 oz. on December 15th, 1976 at Ross Memorial Hospital, Lindsay. Proud parents are David and Sandra. Equally proud are grandparents Jean Keir and Bert and Nila Cowan and great grandmother May Horsley.

COWEN - Pat and Bruce are happy to announce the birth of their son, James Earle, 7 lbs. 3 ozs. on January 11, 1977 at the Haliburton Red Cross Hospital. Many thanks go to Dr. Heyes and the staff of the hospital.

Thank-You

I would like to thank everyone who remembered me with cards, flowers and visits during my stay in hospital.
My sincerest appreciation for all the kind thoughts.
Minnie Dawson

We would like to take this opportunity to thank our friends, relatives and Branch 624 of the Royal Canadian Legion in Wilberforce for making our 30th Anniversary a memorable occasion.
Arthur & Sally Mather

The family of the late Jane Fairfield wish to express their sincere thanks and appreciation to relatives, friends and neighbours for their kindness, messages of sympathy, floral tributes and memorial donations to Hyland Crest Home in the loss of a dear mother.

A special thank you to Rev. D. Brown, John Welch and Son Funeral Home, Dr. H. Good, the ladies of the Anglican Church Auxiliary, and for the loving care given Mother by the nurses and staff of Hyland Crest Home.
The Fairfield Family

The family of the late Violet Rogers (Fairfield - Harrison) would like to thank everyone for their cards, phone calls, prayers and thanks to Drs. Good and Christiansen.

Special thanks to our neighbours Mrs. Gertie Upton, Mrs. Dell Barry and Gerry Carr.
Jim and Jean Fairfield

At a time like this it is so hard to express one's feelings and thoughts to everyone who has been so kind. I cannot give special thanks to anyone because everyone has been so special.

To Reverend Trevor Denny who spent much time comforting Buddie and for his consoling words and kindness to us in our time of difficulty.

To the nurses and staff of the Red Cross Hospital who did everything to make her comfortable.

To the friends and neighbours for their many, many gifts of food.

To the ladies of St. Andrews Church for the fine luncheon they provided for us.

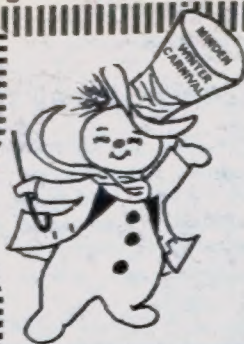

To Mr. and Mrs. Gordon Monk of the John Welch Funeral Home for their kindness and comfort.

Our heartfelt thanks go out to all of you and may God bless you with good health and keep you in His Tender Care.

Ken, Gordon, Bonnie Stevens.
